

## The King's become County Champions

Our Under 14's girls Futsal team recently competed in The Sainsbury's School Games countywide competition, having won the Newcastle schools district tournament. The girls faced fierce rivals from eight other schools representing the other areas of Staffordshire and started well with a solid 1-0 victory. The girls continued their winning habit and only lost one match. Remaining undefeated for the rest of the tournament and collecting 16 points from the 18 that were available ensured that The King's were crowned County Champions and will now progress through to the Regional Championships.

A huge well done girls!
