

## Sky is the limit for Blue Peter winner

We all know just how caring Sky Bratton in year 7 can be, however did you know she has helped to raise thousands of pounds for local charities and good causes?

Sky is an active member of the Five Wards Foundation, a local organisation set up by members of the Kidsgrove community to help raise funds for local people in their hour of need. Sky first got involved with her family and has since regularly taken part in charity events in her spare time and weekends.

Now, Sky has just received congratulations from the BBC programme Blue Peter in honour of her hard work and dedication and has received that all-important Blue Peter badge.

A huge well done Sky, and good luck with your fundraising!
